Climate Alarmists Shame COP28 into Overtime Deal to Abandon Fossil Fuels

??????????????????DeepL??????

> The COP28 climate conference in Dubai seemed to be heading for an anticlimax on Tuesday, as the last scheduled day of negotiations passed without reaching the top goal of the climate movement: a worldwide agreement to phase out fossil fuels.

> The conferees went into “overtime,” however, and were able to hammer out a “historic” deal to “**transition away**” from fossil fuels in a “just, orderly, and equitable manner” to “achieve net zero by 2050.”
>
> There was still some grumbling about a much weaker agreement than the climate faithful wanted. The coming months will surely be filled with debate about what “**transition away**” means, compared to the originally desired language of “phase out,” and just how many exceptions will be granted under the rubric of “just, orderly, and equitable.”???????
